

Chili's & Brinker API Documentation

Overview

This document provides documentation for the Chili's and Brinker International APIs.

These APIs are used primarily by mobile and web applications to support user-facing features such as order processing, account management, and menu browsing.

Base URLs:

- <https://mobile.chilis.com/>
- <https://gsapi.brinker.com/v1.0.0/>

API Endpoints

Chili's API (<https://mobile.chilis.com/>)
